Hidden Harm – The Untold Alcohol Story  
Fetal Alcohol Spectrum Disorders in Childhood (FASD)

**One Day Conference  
PGA Approval -applied for  
Tuesday 2<sup>nd</sup> October 2007  
Crowne Plaza Hotel  
Congress Road  
Glasgow G3 8QT**

The aim of the Conference is to improve recognition of the harmful effects of alcohol on the fetus and to identify the range of management options.

This event is being supported by the Scottish Paediatric Society and NOFAS UK and will be split into two related arms. The first day is aimed at Paediatricians & Clinical Staff along with the multi-disciplinary teams across health and social care and will look at the Canadian Guidelines for Diagnosis and existing research / gaps in research.

A follow on day is designed to enable the groundwork to be set for the establishment of Scottish guidelines for diagnosis and referral. This will take place on the 3<sup>rd</sup> October 2007. It will use a targeted workshop approach for an invited audience of key professionals from a variety of backgrounds.
